Environmental Policy

Policy	
Doc Ref:	E-PO-001
Issue No:	18.1
Issue Date:	10/01/2018

Reflex Limited recognises the impact of its business operations on the environment and is committed to the maintenance of an environmental management system (EMS) conforming to ISO 14001 with a scope covering all our activities in the sale, integration and maintenance of audio visual systems.

Reflex Limited is committed to:

- Identifying, reviewing, understanding and minimising the environmental impacts of our business activities
- Complying with all legal and other requirements applicable to the business
- Setting environmental objectives and targets for the activities with the most significant impacts
- Following a process of continual improvement
- The prevention of pollution
- Providing adequate and appropriate resources to implement this policy
- Ensuring that the policy is communicated and understood by all relevant stakeholders

Details of the precise mechanisms for meeting the above commitments are given in document E-OV-001 Environmental Management System Overview.

This policy will be reviewed and updated by the Directors of the Company annually
